

REDBUD
ARCHITECTURAL
SYSTEMS

The RB Grille is an easy-to-install, acoustically transparent, natural wood ceiling and wall system that offers a wide variety of standard and custom design options.

KEY FEATURES

- Cost effective natural wood ceiling and wall system.
- Simple installation familiar to experienced acoustical installers.
- Multiple combinations of slat size and slate spacing.
- Popular range of solid wood species and finishes.
- Range of edge trims for floating ceiling conditions.
- Interior and exterior finishes available.

Solid wooden slats are suspended on a fixed module suspension system of grid runners and clips. Sound waves are absorbed into the standard 3/4" reveal between each panel. (Custom widths are also available)

Slats are installed end-to-end using our black Linear Opening Clips - forming a continuous wood appearance. Slats are typically 3/4" thick, with custom widths and reveals available.

WB = Wood Backer

Acoustical Performance

The RB Grille acoustical performance varies according to project design application.
NRC Value (1" encapsulated insulation) = 0.90
NRC Value (2" encapsulated insulation) = 1.00

Sustainability

The RB Grille is manufactured responsibly using sustainable raw materials.

Storage and Acclimatization

All materials must be stored and installed only in a controlled interior environment (relative humidity range 25% - 55% maximum - temperature between 60° - 80° - not to exceed 86°). All windows, doors and wet work must be complete before installation. material should only be installed after reaching equilibrium moisture content.

Compliance with seismic codes

The RB Grille, when installed onto a seismic code compliant suspension grid with screw attachment through the wood backer to the grid will satisfy seismic code requirements. Consult with local codes or a licensed engineer for any additional requirements.

Fire Rating

The RB Grille can be manufactured to achieve ASTM E-84 Class A fire rating compliance.

Warranty

All materials produced by Redbud Architectural Systems are guaranteed against manufacturing defects for one year from the date of delivery.
*Due to the nature of wood stains, color matching can not be guaranteed.
